The Advanced Master Herbal Colon & Whole Body Restore Program

~ A Health & Life Changing Program ~

The New '**Advanced Master Herbal Detox Program**' includes our two newly developed Master Herbal Formulas: - **Formula P 'Extreme' PLUS** - parasite & Candida formula (syrup)
- **Flow Formula PLUS** - colon & intestines formula (capsules)

In April 2024 this year we created these two new formulas which are much stronger than previous versions, and the new **Formula P 'Extreme' PLUS** (syrup) is taken in much larger amounts daily than in the standard program - ten times the amount! And, it is taken twice daily instead of just once a day!

This very large increase in the daily dosage of the new stronger parasite & Candida formula is what creates a dramatic overall effect on the restoration of the whole body health. It is killing off all the parasites in the body that cause a lot of our diseases as well as any bad bacteria, pathogens etc. that should not be there in the bloodstream, cells and organs. This is a very significant thing to do and in fact everyone should do this at some point in their lifetime as the effects and benefits are substantial and very significant.

This will not only improve present health greatly, improve or resolve present symptoms/problems, but also will prevent health problems from occurring later on too that were maybe looming on the horizon, so it is prevention too. The benefits of this new program are many. The effects and health benefits of doing 28 days for example will continue on for 6-10 months afterwards.

The new **Flow Formula PLUS** - colon & intestines formula (capsules) is still taken at 8 caps per day (3 morning, 3 afternoon, 2 at night). This formula restores the proper colon and intestines daily function and repairs any damage to the colon too.

It is these two factors (new stronger formulas and a much larger daily dosage) that make the new program capable of achieving dramatic health improvements in the body in a very short time as the herbal formulas have a very very powerful effect on the whole body in this way. And you will feel just as normal. There is no reaction, side effects, nothing, because they are just natural organic herbs.

Do the program for 7, 14, 21 or 28 days

In the program you will take daily:

The Master Herbal formulas (morning and night)

Tonic Drinks (several times throughout the day)

Then optional choices will be to also include if you wish -

Juice Fast – our unique orange juice fast can be done too for even more results as it cleans the blood and cleans the acid waste out of the body too. Do it for 3-14 days as you wish (with our guidance/advice if needed).

Daily Diet – eat breakfast, lunch and dinner using our Natural Foods Program document will show you how to eat the correct foods for breakfast, lunch, dinner times. Using this ongoing in your life after the program too will be a game changer for your health.

You can consult with us at any time if you need to modify or adjust your daily diet choice for any reason.

Can you do this program and just eat your normal daily diet? - Yes you can

Will you still get great results? - Yes you will because it is the formulas that do so much of the restore work in the body

But, if you want even more results then either modify your daily diet slightly with our guidance, and/or add in the Tonic Drinks and/or the Juice Fast too

Exercise is not required either for results on this program, but if you do a small amount daily, then your results will increase too. Walking or swimming for 15-30 mins daily for example.

About The Tonic Drinks

The addition into the program of the daily **Tonic Drinks** will cleanse and restore each individual body organ in a similar way that the herbal formulas do to ensure a complete restoration of the whole body health in a very short time. They are specially and freshly prepared drinks each day and are taken several times throughout the day for 5 days in a row each week you are doing the program.

Tonic Drinks are about using the natural chemistry effect when you combine different natural ingredients (fruits mostly, and vegetables) with herbal tinctures that then create an elixir which performs a cleanse and restore function for that body organ. They are taken at the peak organ function time of the day for that body organ for maximum effect as all the body organs have a two hour window when they come online, perform their cleanse and restore functions and then go offline.

In a way these drinks are almost as powerful as the herbs and are a great addition to the program with the goal of doing the maximum amount of restoration in the shortest time possible. And they taste very good too.

Tonic Drinks Organ Cleanse & Restore Example:

Kidney organ time is 5pm-7pm every day – this is the two hours of each day when the kidneys are at their peak function. You are at your strongest at this time of day which makes it the best and most productive time of day to do weight/strength training exercises, using weights for example.

You will take the Tonic Drink for the kidneys, bladder and urinary tract at this time of day (these organs are all inter-connected). The drink will cleanse these organs and repair/restore them too.

We have recent photos (and the originals in our detox center) of the astonishing cleanse results using these organ cleanse drinks for anyone who wishes to see them. We can show you on Whatsapp email, or in person, just ask us. You will also see these results in your own experience too as we provide you with the urine collection jars to see the difference and color changes and pH changes each day.

In the program you will learn the different times of day for each body organ too and after the program you can also use the foods that help these organs at their respective times of day at any time.

This very old knowledge goes back a very long time but would not be commonly known today.

About The Juice Fast

Our unique Orange Juice Fast is a highly successful old medical program that cured 63,000 people of all known diseases and illnesses using just the OJ fast, and it is on record as such. It was created by Dr William Hay who was a prominent doctor/surgeon back in the 1930's in the USA. He was the medical director of the clinic that cured everyone using the OJ Fast. We have his full book from 1929 here and you can receive a free copy of it.

About The Master Herbal Formulas

The herbal formulas which we are making for the last twenty years are the original formulations of The Western Herbal System (established in Germany 1930's).

We grow the organic herbs and produce the handmade formulas according to the original recipe formulations of the Western Herbal System. The German scientists were the world experts in herbal medicine as well as allopathic medicine too. The formulas are of extremely high quality, are very potent, and yet very stable and balanced. They can achieve the great results that they do because of this production and ingredient quality. Please ask us for the ingredients pdf to see all the herbs that are in each formula. They are 100% pure and safe never causing any kind of reaction or side effect ever.

The key is to use a 'proper' made parasite formula. Most are not. It should be in liquid form, never as a powder. Most are not effective at all and will not kill off much of anything. Commercial formulas are worst, being too dilute and have no effectiveness and contain just a few ingredients only, often mass produced in China.

If you put our formulas beside a selection of any other formulas you will see, and taste the huge difference in quality, potency and feel the effects too, the body feels it almost immediately.

The new advanced formulas in this new program are handmade and we make enough for 5 x 28 day programs each time. Then we have to make more which takes 3-4 weeks to produce.

About Us

Mr Ivor Fitzpatrick is the founder of The Source and a qualified and licensed Herbalist.

He comes from a family background of medical doctors and nurses. His mother was a nurse while his father worked at the UN (United Nations) in New York. His uncle was a veterinary doctor in the UK, and both his grandfathers were a medical doctor in India (British Army) and a surgeon in Australia. Two aunts were nurses, one owned and ran a nursing home in England.

He chose a natural healing path using 'natures medicines' as opposed to using allopathic medicine and drugs.

The Source Herbal Detox Retreat, Koh Samui was opened in November 2012 to give the opportunity to those who desire good health to take advantage of advanced herbal formulas and established health programs for the betterment of their health.

The overall program plan was three years in the making with the herbal formulas having been created and perfected over the last twenty years.

Nature provides remedies in the form of herbal plants (*herbal medicines*) and the combination of their uses is long established by those who were knowledgeable in this area, being tried and tested over many many years.

Our body recognises this plant information and uses it to repair, restore and rebuild as it needs.

The plant mineral compounds are transformed into natural healing substances by the body and the bloodstream then uses these to do the work of cleansing, repairing and rebuilding the body and it's organ systems to restore good health and vitality.

Health is simple, and working with nature is safe. You can trust nature and it's intelligence.

Old conditions can be undone and a new foundation established upon which to continue to build better and better levels of good health and vitality, leaving *dis-ease* behind.

We can go to *the source* when we need to revitalize and rejuvenate.

Come and experience the power and the magic of the Master Herbal Formulas.
